

Using Public Transit in the Park

Getting around the Delaware Water Gap National Recreation Area has never been easier with public transit to get you paddling, splashing, biking or hiking. The Monroe County Transit Authority (a.k.a. Pocono Pony) provides free access to Smithfield Beach, boat launches, and recreational trails on the PA side of the Delaware Water Gap National Recreation Area on weekends and holidays from Memorial Day through Labor Day. Note: Only the River Runner route provides portage for up to 10 kayaks or canoes and 4 bicycles.

Plan Your Visit

To plan your trip to the park, use this schedule or go online to gomcta.com/trip to complete your itinerary. For park activities, check the park calendar at: nps.gov/dewa

Flag Stops

The system is designed to enable riders to board the bus at just about anywhere along the route. Simply wave to the driver from a safe and observable location. Remember to be at the bus stop 5 minutes before the scheduled time.

ADA Accessibility

All Pocono Pony buses are ADA accessible. However, they are not offroad vehicles. Many areas of the park may not be accessible. MCTA vehicles may divert up to 3/4 of a mile off route, if approved by an MCTA official, 1 business day prior to travel. Please call MCTA at (570) 243-3400 for more information.

National Park Service Fee Areas

Transportation and portage services are free to the public in the park. Visitors who enter "expanded amenity fee" areas via private vehicle are charged \$10 per vehicle. Visitors entering "expanded amenity fee" areas riding the bus will not be charged.

Emergencies

For all park-related emergencies, call the park Communication Center at (570) 426-2457. Please note that cellular phone service may not be available in all areas of the park.

For Transit Related Questions:

Telephone (570) 243-3400 or (570) 839-6282

Three Shuttle Routes

Riders can catch the Delaware Water Gap Connector at four convenient locations and stay on board for the River Runner, DWG Hiker Shuttle, or Raymondskill Falls Shuttle. Parking is extremely limited at Kittatinny Point. However, free parking is available at the Park and Ride in Delaware Water Gap, located across from the PA Welcome Center off exit 310 from I-80.

On holiday weekends, the **Water Gap Hiker Shuttle** will transport passengers to and/or from the Park and Ride in Delaware Water Gap, Kittatinny Point, Dunnfield Creek, and downtown Delaware Water Gap Borough. There is no portage service for kayaks or canoes; however bikes are welcome. The last shuttle leaves Dunnfield Creek promptly at 5:40 PM. The NPS or MCTA will not provide transportation after the last shuttle has departed.

The NPS or MCTA is not responsible for any unattended equipment.
